

# Where Craft Meets Kettle

Mediterranean Lemon Chicken

## Who We Are

Over 130 years of combined heritage makes up the Bistro Soups & Chili® Brand as Vienna® Beef was founded in 1893. Over that time, both Vienna Beef and Bistro Soups & Chili have evolved into the customer focused, quality driven, and family run company it is today. We manufacture kettle cooked Soups, Stews, Chilis, and Sauces that use carefully selected ingredients and handcrafted recipes in a state-of-the-art manufacturing facility in Chicago, Illinois.

In January of 2016, we moved to a new manufacturing facility, which greatly increased our production capacity. We are capable of small batches using local ingredients, up to the high demand of the foodservice world and everything in between.

## Tailoring Your Needs

From ideation to product launch, we are here to help you grow and achieve the consistent quality you would expect from your own brand. With our culinary advantage, Bistro Soups & Chili has been the trusted source for specialized custom soups and chilis for over forty years. We are here to help you succeed with our team of specialists dedicated to your higher standards.

## Food Safety is Our #1 Priority

- ✓ 130+ years of quality
- ✓ Unwavering guarantee of food safety and integrity
- ✓ Manufacturing facility continuously inspected by on-site USDA inspectors
- ✓ SQF Certified\*
- ✓ Only work with reputable vendors that supply the highest quality of ingredients, products, and services
- ✓ Full metal detection
- ✓ State-of-the-art chilling system
- ✓ Dedicated QA team
- ✓ HACCP audited
- ✓ Halal certified with an on-site IFANCA inspector

*All of our Soups and Chilis are chef inspired and quality tested, offering a full-strength, frozen soup you will be proud to call your own.*

## So, What Does This Mean for You?

We maintain the highest quality standards in every batch of Soup and Chili that comes from our kettles. Everything we produce is backed by our unfaltering commitment to quality, safety, and perfection.

\* SQF Food Safety Code for Manufacturing, Formerly SQF Level 2

## Controlled Cooking Process

- ✓ Each batch is individually weighed, blended, and cooked to ensure traceability and consistency
- ✓ Constant temperature control is maintained throughout the entire cooking and chilling process
- ✓ Continuous delicate agitation ensures even cooking and ingredient distribution.
- ✓ Double and triple stage ingredient fill system allowing for more delicate ingredients to be added in stages maintaining ingredient integrity and consistency

## Packaging Perks

Our tried and true pouches, stand up to extreme abuse and temperatures that come with commercial kitchens. Allows for the elimination of #10 cans & large bulky hard plastic containers from the entire system, resulting in:

- ✓ Immediate company-wide money saving opportunity fewer refuse pickups
- ✓ Reduced labor and training cost
- ✓ Safer handling procedures
- ✓ No sharp edges

## Long Term Financial Benefits

- ✓ Labor saving chain-wide
- ✓ Reduced overall store waste
- ✓ Decreases environmental impact
- ✓ Shrink carbon footprint

## We Source From

- ✓ Local Farms
- ✓ Regional Markets
- ✓ Major Ingredient Suppliers

## It's All About the Marketing

What consumers see on the table has a big impact on their experience. Show them you care about the details. With our colorful, eye-catching marketing options you can create customer materials specific to your operation.
