# Franks & Sausages

Making food memories since 1893, Vienna Beef first found fame at the World's Fair / Columbian Exposition, when two Austrian-Hungarian immigrants debuted their Old-World famous Sausages. The Chicago Style Hot Dog first became an institution during the Great Depression, thanks to its bounty of condiments and five-cent price tag. Today, Vienna Beef products are still made in small batches according to our original family recipes.

## Featuring:

- **Quality.** We use only premium domestic beef and the recipes that go back to our beginnings in 1893 - no fillers, artificial colors, or flavorings!

- **Durability.** Since we use premium beef and no fillers, our Franks and Sausages perform well when simmered, flat grilled, or deep fried.

- **Variety.** Choose from Franks, Polish Sausages, Frankwurst, BagelDogs, Bratwurst, Corn Dogs, and more! We have what you're looking for.

- **Consistency.** Our products are produced in our Chicago plant, where we can keep an eye on quality. Our Franks & Sausages undergo daily tastings by our most experienced employees to assure that each new batch is as delicious as the last.

- **Trust.** We're proud to hold the title of USDA Est. #1 and are certified SQF. We adhere to the latest food handling and HACCP processing procedures to ensure the safety of our products.
